When first given the task of speaking on Inspired by the Spirit, Responding to God's call within the Organizational Standing Committee, I was challenged to find the diminutive task / activity that could be found within this structure. After much discernment, I have realized that this standing committee is the calling card for our mantra.

As women responsible for engaging membership for new and returning members, we are responding to our call to begin to build a more vibrant League within the grassroots of The Catholic Women's League of Canada. We are inspired to find ways to engage women of our community to become more involved at all levels of our work; and, to be inviting to others both of our faith and of our outer community.

Encourage, Engage, Empower...through these 3 activities we are building a vibrant community – one that persons are proud to belong; one that encourages members to evangelize to others; one that allows growth of spirit, faith, community, and leadership. With all these intact, we can respond to God's call to assist others.

As organization standing committee chairpersons at all levels, we hold the future of the League in our hands. By utilizing many methods of recruiting, we have responded to God's call over this past year and will continue to do so in the future.

Madam President, this ends my report.
